

You can get off the treadmill of pain, depression, and struggle.

My life is proof of that. When my life felt like nothing but a tiny speck of grit, I learned important secrets. And something inside me shifted, and I saw how to make my life a thing of beauty.

Making a Pearl from the Grit of Life allows us to follow Sharon Rainey on a very private path of early trauma. It leads us through depths of the human spirit -- depths we come to recognize as very much like our own -- and, through hard-won lessons, emerge onto a higher place of inner strength and happiness.

Along the way we learn, via Sharon's example, how to take the inner steps that lead to peace, contentment, and successful living.

"Sharon points a light to the path of healing. There are people who need to see that lighted path; otherwise, they may never have the courage to begin their own journey to healing."

- TONIA VAUGHN

A personal journey of spiritual healing that speaks to us all.
